Cookie Policy

What is a "cookie"?

Cookies are small text files that are stored on your device by the websites you visit. Cookies contain various pieces of information that are often necessary for the website to function properly. Cookies are encrypted so that unauthorized persons do not have access to your data. Information collected on the basis of cookies can only be read by SAIO S.A. and trusted partners.

Why do we use cookies?

We may improve and adapt the site so that users can more easily find the information that is most important to them.

What cookies do we use?

Two types of cookies may be used on the website:

- session cookies – remain on the end device until the user leaves the website or turns off the software (web browser)
- permanent cookies – remain on the user's device for the time specified in the parameters or until they are manually deleted by the user.
  We divide cookies depending on the purpose for which we use the information collected on their basis – into basic cookies and marketing ones.

Basis cookies

Technical cookies – are necessary for the website to function properly. We use them, among others, to:

- ensure that the website is properly displayed – depending on the device you use,
- adapt our services to your choices – e.g. selected language,
- remember whether you consent to the display of certain content.
  Analytical cookies – we do not have any analytical tools connected to our website.

Marketing cookies

Marketing cookies – We do not collect data for marketing purposes on our website.

May I opt out of accepting cookies?

You may always change your browser settings and decline requests to install cookies. However, before you decide to change the settings, please note that using the website with cookies is more convenient for you. Disabling cookies may affect how our website will be displayed in your browser. In some cases, the page may not be displayed at all.

Other information related to the processing of data
